To Whom It May Concern,

The Hague Watermax system is wonderful. Our clothes and dishes are cleaner. I use much less soap and they shine. The showers make your skin feel clean and soft.

The reverse osmosis drinking water system makes the water taste much better. We are on a ranch with a well water system that is *extremely* hard & tastes bad. We used to have to buy bottled water to drink, and now we simply refill the bottles that are provided with the system.

Sincerely,
Donna E. Kingsley

Dear Richard,

Simply put, everything is cleaner! I love my spot-free glasses, my clean shower stall and my clean clothes. No more filmy stuff all over my body. I was sold on your water system before you stepped in my house.

The installation was great, quick and clean. The installer was a true professional who knew what he was doing.

I tell all my friends about my clean start and how I can afford it with the payment plan. My only regret is not having gotten it sooner.

Sincerely,
Linda Luong
