Dear Hague Water Company,

*I am writing this letter to let you know how impressed we are with your water filtration system! It has now been about a month since we purchased your system, and already we can see a difference!*

*Most noticeably, is the money we are saving. With a family of five, every dollar counts. I do at least a load of laundry every day, sometimes two. Your laundry soap has helped us save quite a bit of money just in the last month. I also don't go through nearly as much dish soap now that we have started using your soap. Not to mention, that our dishes don't have the streaks and etching that were always so hard to get out no matter what brand of dish soap or tabs that I tried before.*

*Your products don't just clean well, they also condition.... Your shampoo works great! My husband has fallen in love with it! All you need is a drop and it lathers and lathers, and smells great! We had our own water softener system before we purchased your system, and although our clothes were soft, it would take forever for me to rinse my hair in the shower. It felt like my hair was just slippery with conditioner. It took me an extra couple minutes just to rinse my hair out. Before I had to put so much conditioner in my hair so it wouldn't be frizzy and help detangle it. I didn't realize the chlorine in the water was damaging my hair. Now that the chlorine has been taken out the condition of my hair has greatly improved and I don't get dizzy in the shower anymore. I had no idea just how much chlorine is absorbed in your skin while you shower! Also, my husband used to get dry, red patches on his skin, especially in the winter. We couldn't figure out why or where they were coming*

*from. I thought it was an allergic reaction to something he was using, such as soap. Well it was an allergic reaction to the chlorine in the water. The red patches immediately disappeared as soon as we started using your system.*

*I just can't say enough about how pleased we are with your system. It is worth every dollar, and when we move on to another house it will move with us! Our only regret is that we didn't know about it sooner.*

*Best Regards,*
